iPhone User Guide

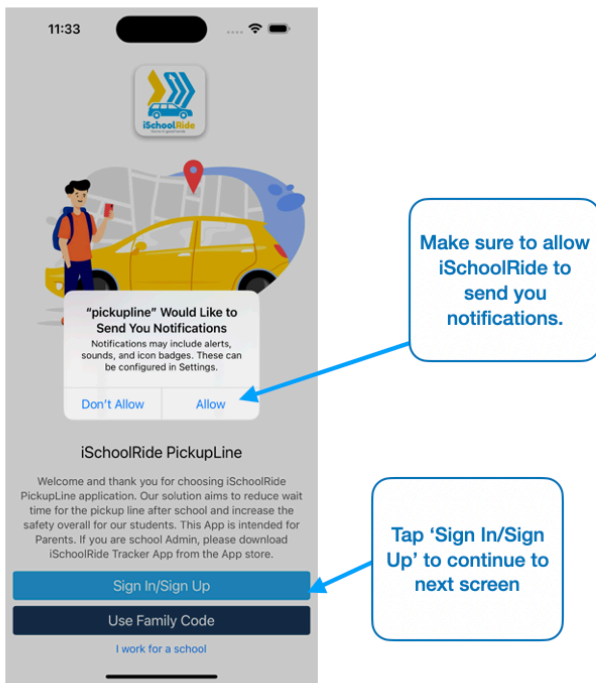

Welcome to the iSchoolRide PickupLine app! This guide will help you get started quickly and ensure a smooth experience when using the app to pick up your student(s). For additional help, refer to the graphical user instructions included in this document for a detailed, step-by-step visual guide

1. Download the app:

If you haven't already downloaded the app, you can get the **iSchoolRide PickupLine** app from [Apple App Store](#), or search for **iSchoolRide PickupLine** directly in the app store.

Make sure to **allow iSchoolRide to send you notifications** so that you can be notified when your student(s) are released and when your family members are picking up your student(s) on your behalf.

2. Create an account and add/edit student(s):

You can follow the steps below or refer to the graphical user instructions included in this document. A detailed step-by-step visual guide is available for your convenience.

Step 1:

Tap **'Sign In/Sign Up'** to get started. You will need a valid School Code provided by your School Admin.

On the next screen, tap **'Register with email and password'** link to continue to the **'New Account'** screen. If you are a returning user with existing account, tap on **'SIGN IN'** to proceed.

Step 2:

On the **'New Account'** screen, enter the **School Code** and fill in all required personal information. When finished, tap **'AGREE AND SIGN UP'** to proceed. If you don't have a School Code, please contact your School Admin to obtain it.

Step 3:

On the Home Screen, if prompted with a location permission dialog, select **'While using the app'** to allow location access.

Next, update the sample student information by tapping **'Manage Students'** on the **Home Screen**. This will take you to the **'Edit Pickup Card'** screen.

Tap the **student name section** in the Student tile to open the edit dialog for your student.

Step 4:

Enter your student's name and grade, then tap **'OK'** when you're done. Double-check the updated Student tile to ensure the information is correct.

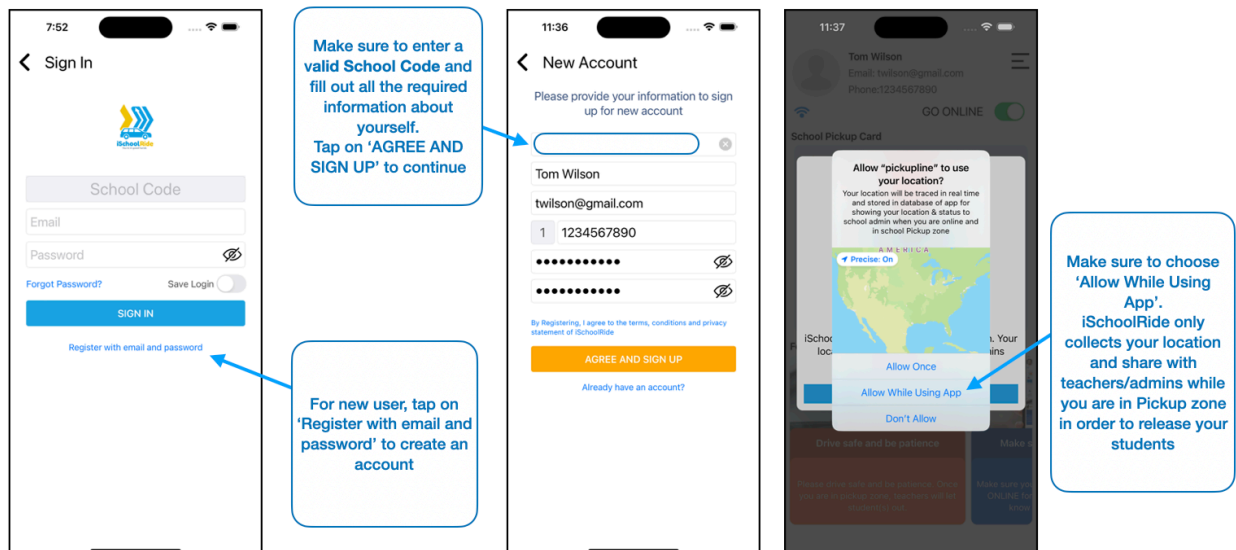

Step 5:

Tap the **'Back'** button to return to the Home Screen.

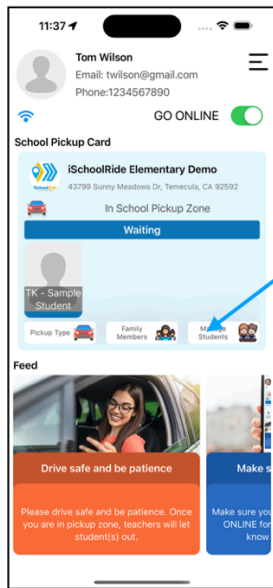

Step 6:

If you are not currently **ONLINE**, tap **'Go Online'** so that teachers and school admins are notified when you arrive at the school's Pickup Zone.

You're all set! You're now ready to use the iSchoolRide PickupLine app to pick up your student(s).

3. Add/Edit family members:

The Family Members feature allows you to add up to 6 individuals who can pick up your student(s) on your behalf. You can easily add, edit, or remove family members using the iSchoolRide PickupLine app. A detailed visual guide is also available in this document for further assistance.

Step 1:

From the Home Screen, tap **'Family Members'** to access the Family Members screen.

Step 2:

Tap **'Add Family Member'** and fill in all the required details for the family member you wish to add.

Step 3:

Once you've entered the necessary information, tap **'SAVE'**. A **'Family Code'** will be generated, which your family member will need to sign in to the iSchoolRide PickupLine app and pick up your student(s).

Step 4:

Share the **'Family Code'** with the designated family member. Make sure the code is given only to the intended person.
Your family member is now ready to use the iSchoolRide PickupLine app to pick up your student(s) on your behalf.

Tap on 'Family Members' to allow your family members to pickup your student(s) on your behalf

Tap on 'Add Family Member' button to add a Family member

Fill out all the required family members information. Tap on 'SAVE' when done.

Share this family login code with your family member. Your family member will need this code to sign in to the PickupLine app. Tap 'Back' icon to go back to Home Screen. Your family member is now ready to use the app to pickup your student(s)

4. Family Member Pickup

Family members will need the Family Code created in the iSchoolRide PickupLine app to sign in. A graphical guide is also available in this document for your convenience.
